

Alarming Rise in Import of Mobile Phones into India –

Has put a Question Mark on the country's ability to meet the rising domestic demand from domestically manufactured handsets of future

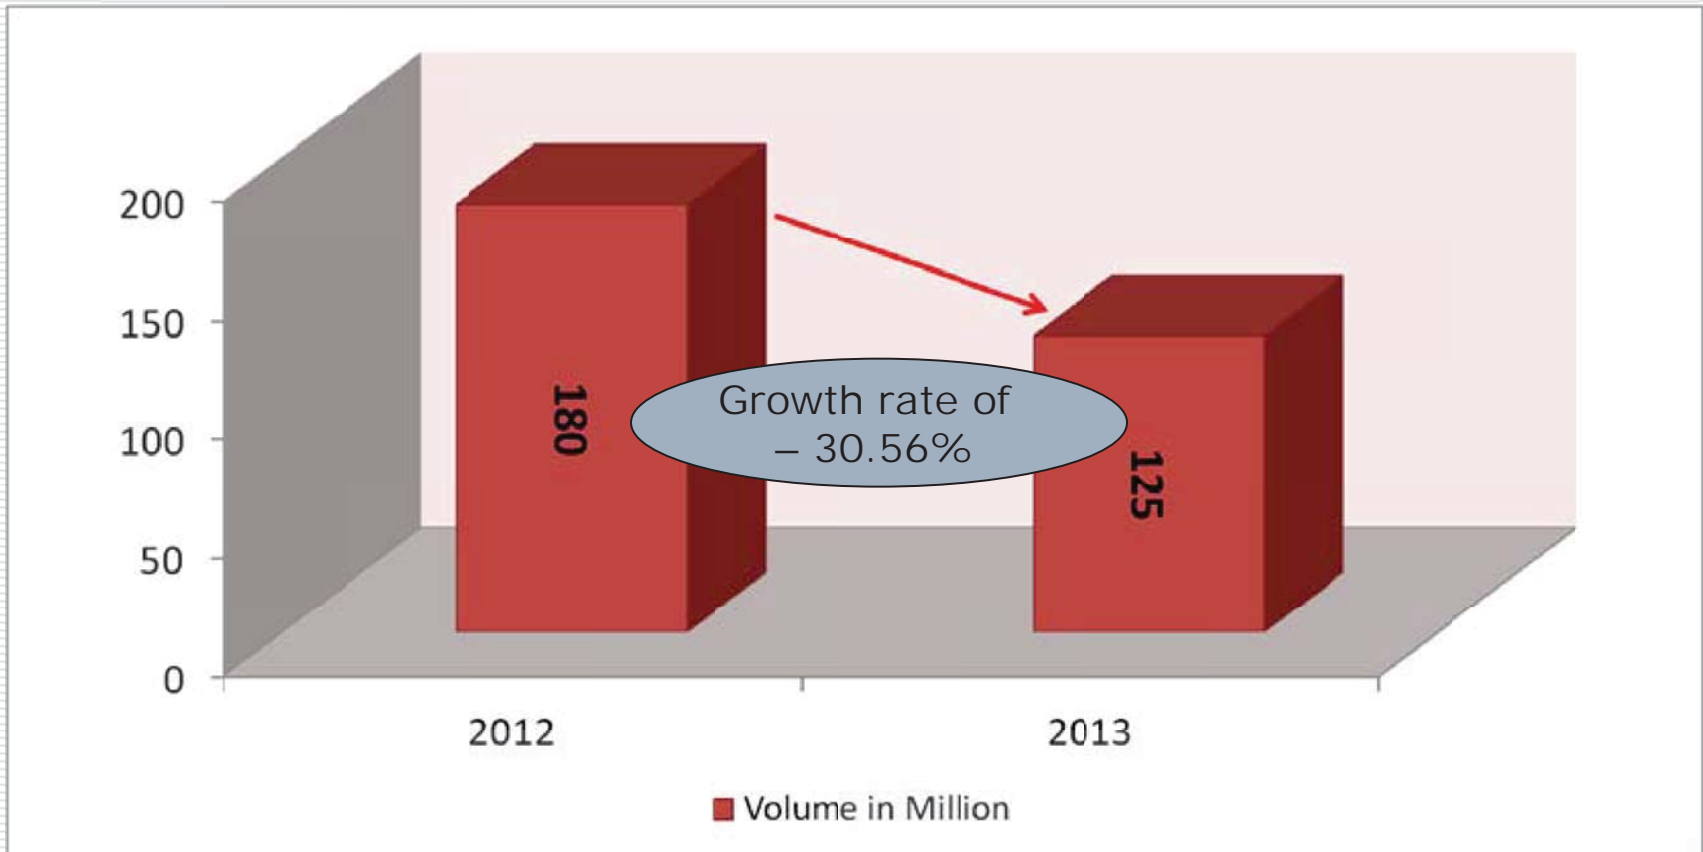

Alarming Rise in Import of Mobile Phones into India –

Has put a Question Mark on the country's ability to meet the rising domestic demand from domestically manufactured handsets of future

Drastic Drop in Production of Mobile Handsets in India –

Need to re-invent and enact a favourable Policy framework to promote domestic manufacturing ASAP

Drastic drop in Domestic Manufacturing As a %age of total market demand in India –

A drop of 41% in 2013 as compared to 2012

Drastic Drop in Exports of Mobile HANDSETS –

*Once considered the global leader with Indian Manufactured handsets getting exported to more than 80 countries, today we are faced with a sorry state of affairs with export nos. are dwindling – **NEED URGENT CHANGE IN STRATEGY***
